Subject: For taking Suo-moto cognizance in case of CA Exams which are going to be held from July 05, 2021 till July 20, 2021 in offline mode on PAN India Basis

Respected Sir,

We, a group of 6000 students, pursuing professional course of Chartered Accountancy, but also, we are ordinary citizens of India and in this capacity, have Fundamental Right to Life which our Constitution has conferred to each and every citizen of India in Article 21.

We, would like to bring this to your kind notice, this is going to be first all India Level exam after the deadly 2nd Wave which is not yet over in southern states and 3 states including Maharashtra, Madhya Pradesh and Kerala are on high alert amid Delta Plus Variant. We would also like to submit that over 3 lakh students will be appearing in these exams from all over India and majority of them are not even vaccinated with at least single dose of vaccine.

With reference to your Address to Nation dated 7th June, 2021, you yourself appealed t the nation to get vaccinated and announced wide vaccination programs for 18+ age ground and Niti Aayog's Chief Dr VK Paul in his various statements also said- "Vaccination is the only key to go back to normal" and to save ourself from the emerging mutants of Delta Variant.

With reference to your statement Dt 2nd June, 2021, while cancelling board exams, "For us students health and safety is of topmost importance", we humbly want to ask you sir whether we CA Students doesn't fall in category of "Students" in our own Prime Minister? We want to submit sir **we don't want any cancellation of exams** but vaccination is something you yourself emphasizes on. CA Students who are going to appear in these exams fall in age group of 18-23 and it will be injustice with these students as well as their family members also if they are pressurized to appear in these 15 Days long physical exams without giving them opportunity to vaccinate themselves. On Monday, 22nd June, 2021, over 8.27 million doses were administered and it is such a huge number. We students want to request our country's most popular and students friendly Prime Minister sir to kindly take suo moto cognizance in this matter and allow us postponement for some days so that we students can appear in exams without any fear of chances of losing lives on our near and dear ones.
